

3 Paw-some Tips

when you see a **free-roaming dog**:

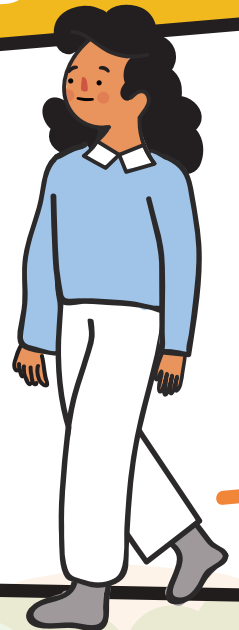

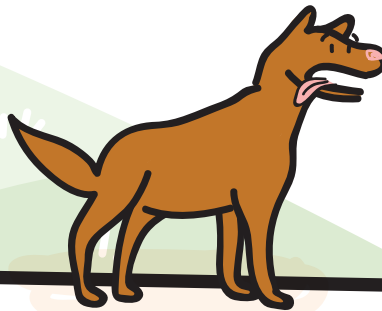

DID YOU KNOW?

Most free-roaming dogs are shy and will avoid humans. Some may approach you out of curiosity.

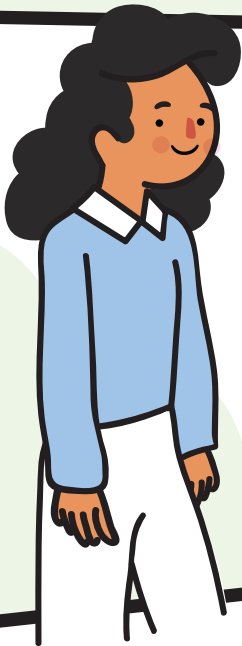

Stay calm

Walk away slowly. Running will excite the dog to give chase.

Look away

Do not stare at the dog and back off slowly.

Speak softly

Do not shout, make sudden movements or throw things at the dog. These actions may startle the dog and cause it to react.
